

JOB TITLE Climate Action Lead	CLASSIFICATION Band 7	REPORTS TO Coordinator Sustainable Environment
---	---------------------------------	--

WHAT WE TRUST YOU TO DELIVER

- Lead action on Council’s climate emergency and environmental sustainability strategic objectives including the design and delivery of engagement, mobilisation and behaviour change programs and projects.
- Facilitate the integration of climate emergency response throughout Council operations and within the Stonnington community.
- Partner with the community and key stakeholders to support climate emergency action, including collaboration on joint projects.
- Drive the integration of environmental sustainability and coordinate the strategic direction of operations across Our City’s services, facilities, planning and infrastructure.
- Engage and support Our City’s communities to adopt sustainable practices through the effective delivery of events, projects, programs and other key initiatives.
- Solve new and emerging challenges concerning environmental education in the areas of water, waste, biodiversity, energy, sustainable transport and green purchasing.

WHAT YOU’LL NEED TO THRIVE

- Demonstrated knowledge of climate change science and policy and programs at local, state and federal government levels, combined with a sound understanding of what a climate emergency means in a local government context.
- Proven experience in designing, implementing and evaluating leading environmental policies and programs within large, complex organisations and diverse communities.
- Extensive experience working as part of cross organisational teams and collaborating on complex projects.
- Experience in project management, development and implementation including contract, risk, budget, resources and stakeholder management.
- Excellent interpersonal and communication skills including an ability to establish and maintain effective relationships and gain cooperation of stakeholders to achieve positive outcomes for Council and the community.
- Skills in managing time, setting priorities, planning and organising work to meet objectives, deadlines and budgets.
- Tertiary qualification in environmental management or science, sustainability or other related discipline and/or extensive practical experience together with relevant experience.
- Experience in Local Government is desirable but not essential.

WHAT WE’LL DO TO SUPPORT YOU

- Provide a safe and welcoming environment where you will be encouraged to innovate and embed new ways of working.
- Deliver opportunity for genuine engagement and collaboration across all levels of the business.
- Commit to your long term growth and career development.
- Provide access to our Executive Team to share ideas and make a positive difference across the organisation.
