WHAT WE TRUST YOU TO DELIVER

» Embedding our new way of working across the portfolio, transforming how we work and driving collaboration to deliver on our objectives
» Foster cohesive relationships with stakeholders, guiding them and providing strategic direction and aligning solutions to the business and organisational objectives
» Providing insight and recommendations that align with broader enterprise architecture strategy and that consider end user experience across all engagement channels
» Drive an engineering capability to ensure solutions are designed and implemented in a manner that supports the operational and strategic needs of Council
» Develop and implement a technology roadmap that ensures Councils systems deliver to strategic and organisational objectives.

WHAT YOU'LL NEED TO THRIVE

» Significant industry experience and track record in a senior IT engineering role, creating technology designs and roadmaps including PC endpoint, networking, server and application technologies.
» Experience in DevOps, Micro services technologies, IaaS, PaaS, and in particular Microsoft Azure and Office365 services
» Experience in Waterfall / Agile environments and knowledge of Commercial or Government sectors, with proven delivery and relationships
» Experience with the inclusion of cyber security in the design and implementation of solutions
» Experience in developing architectures and standards to guide the delivery of technology systems and processes
» Highly effective communication and collaboration skills with proven methods for developing a highly skilled and cohesive team
» Tertiary qualification in a relevant discipline (Computer Science, Engineering, etc).

WHAT WE'LL DO TO SUPPORT YOU

» Provide a safe and welcoming environment where you will be encouraged to innovate and embed new ways of working.
» Deliver opportunity for genuine engagement and collaboration across all levels of the business.
» Commit to your long term growth and career development.
» Provide access to our Executive Team to share ideas and make a positive difference across the organisation
