

JOB TITLE Major Projects Infrastructure Engineer	CLASSIFICATION Band 7	REPORTS TO Coordinator State Government Projects
--	---------------------------------	--

WHAT WE TRUST YOU TO DELIVER

- Positively influence the impact of major State Government projects on City of Stonnington and its built infrastructure.
- Undertake assessments of civil infrastructure proposals against Council's requirements and assets and provide timely feedback to State Government Agencies.
- Coordinate feedback from relevant internal and external stakeholders including the Stonnington community, authorities and utility providers.
- Coordinate asset handover processes.
- Monitor progress against agreed program timeframes and deliverables to ensure interdependent Council projects and authorities are engaged and informed.
- Represent Council at various related internal and external stakeholder meetings and forums.

WHAT YOU'LL NEED TO THRIVE

- Extensive knowledge of civil engineering emerging issues ideally gained from major government infrastructure projects.
- Understanding of planning and design issues associated with major urban development proposals.
- Understanding of local landscape and infrastructure needs for the benefit of the community and municipality.
- Ability to develop efficient lines of communication at various levels in multi-stakeholder projects and programs to gain cooperation and effectively resolve problems.
- Knowledge of major infrastructure projects and associated Victorian legislative frameworks.
- Well-developed consultation, project, contract, communication (oral and written) and financial management skills.
- Proven time management skills, and ability to plan and prioritise work to meet competing deadlines
- Excellent influencing and facilitating skills to achieve favourable outcomes for Council
- Demonstrated ability to work effectively as a team member and autonomously as required.
- Proficiency in the use of relevant industry-related project management, financial, and design and drafting software.
- Tertiary qualification in civil engineering and several years' experience in design and construction.
- Registered engineer or currently working towards accreditation.

WHAT WE'LL DO TO SUPPORT YOU

- Provide a safe and welcoming environment where you will be encouraged to innovate and embed new ways of working.
- Deliver opportunity for genuine engagement and collaboration across all levels of the business.
- Provide access to our Executive Team to share ideas and make a positive difference across the organisation.

WHERE YOU FIT IN AND THE DIFFERENCE YOU CAN MAKE

VISION Council will be an inclusive, healthy, creative, sustainable and smart community
VALUES Cooperation, Change and New Ideas, Learning, Achievement, Communication & Accountability.
