

JOB TITLE Senior Landscape Project Manager	CLASSIFICATION Band 7	REPORTS TO Team Leader Construction (Landscape Projects)
--	---------------------------------	--

WHAT YOU'LL DELIVER

- » High quality landscape and streetscape project outcomes through the effective management of contractors and consultants. Collaborative, innovative and responsive work practices, with an interest and willingness to help people, expand your skillset and grow within the role.
- » Strong decision-making and negotiation to effectively navigate complex projects and stakeholders.
- » Projects on schedule and within budget. Timely reports on the status of the unit's work program and budget expenditure. Specialist support and advice to internal and external stakeholders to ensure successful project outcomes.
- » Support team members with their project delivery and career progression.
- » Assist in the management, tendering and evaluation of services across relevant Council projects, discovering opportunities for growth and improvement across the unit's projects.
- » Participate in the review and critique of concepts and designs to ensure designs are purposeful and considered, are optimised for constructability, and deliver value for money for our community.

WHAT YOU'LL NEED TO THRIVE

- » Strong experience and passionate in landscape design and construction management, with an aptitude for project, contract and financial management of project values ranging from \$50k to \$10m.
- » Personable and excellent people skills with the ability to apply diplomacy to negotiate, influence and facilitate positive and cooperative working relationships with the community and stakeholders. Awareness of the influence your role has in contributing to the wellbeing and livelihoods of the community, and awareness of the reputation you carry for your organisation, department, and team.
- » Strong project management skills with a developed understanding of contract administration and governance structures – within a design environment.
- » A commitment to contribute and add value to team culture both professionally and socially, to maintain and uplift team spirit, motivation, and performance. Openly sharing ideas, knowledge and lessons learnt.
- » An innovative and independent work practice with proven ability to set priorities, meet tight deadlines and problem-solve despite conflicting pressures.
- » Well-developed administrative skills with proficiency in using relevant industry-related financial, and design & drafting software.
- » A strong understanding of landscape architecture policies and practices, and the unit's contribution to broader organisational objectives.
- » A tertiary qualification in Landscape Architecture, Construction Management, Civil Engineering or a related field, together with demonstrated experience in Landscape Architecture, Landscape Construction or similar environment.

HOW WE'LL SUPPORT YOU

- » Provide a safe and welcoming environment where you will be encouraged to lead innovation and embed new ways of working, with resources to help you perform and succeed.
- » Recognition and validation for your contribution and achievements with commitment to develop/progress your career.
- » Flexible work options to provide you work-life balance.
- » Respect, value and empowerment.
- » Personable and supportive team and colleagues with opportunity for genuine collaboration, share ideas and make a positive difference across the organisation and beyond.

WHERE YOU FIT IN AND THE DIFFERENCE YOU CAN MAKE
